HISTORY, JURISDICTION, AND A SUMMARY OF ACTIVITIES OF THE COMMITTEE ON ENERGY AND NATURAL RESOURCES DURING THE 114th CONGRESS

MARCH 27, 2017.—Ordered to be printed

Ms. MURKOWSKI, from the Committee on Energy and Natural Resources, submitted the following

SPECIAL REPORT ON COMMITTEE ACTIVITIES

SUMMARY

The Committee on Energy and Natural Resources conducted an extensive oversight and legislative program during the 114th Congress. A total of 445 bills and resolutions, nine nominations, 233 executive communications, and 23 petitions and memorials were referred to the Committee for consideration.

The Committee and its four subcommittees held a total of 75 public hearings, including nine field hearings, during the 114th Congress. These hearings included 49 oversight hearings, 23 legislative hearings, and three nomination hearings. The Committee also held six business meetings.

Action was completed on a broad range of oversight, legislative, and executive matters. A total of 74 bills and one funding resolution were reported by the Committee.

Of the 75 bills or resolutions reported by the Committee, six passed the Senate, five passed both the House and the Senate, and four were signed into law. In addition, approximately five other measures considered by the Committee were enacted into law as part of measures not otherwise under the Committee's jurisdiction.

A total of nine nominations submitted by President Obama were referred to the Committee during the 114th Congress. Of the nine nominations, five were reported by the Committee, of which three were confirmed by the Senate. A fourth nomination was confirmed by the Senate after the Committee was discharged from its further consideration.

The Committee filed 74 reports on measures it ordered reported, and published 75 hearing records.

MEMBERSHIP

The Senate appointed majority and minority members of the Committee for the 114th Congress with the adoption of S. Res. 21 (majority) and S. Res. 22 (minority) on January 7, 2015. S. Res. 21 appointed Senator Murkowski as Chairman and S. Res. 22 appointed Senator Cantwell as Ranking Member.

JURISDICTION

Rule XXV(1)(g)(1) of the Standing Rules of the Senate provides the Committee on Energy and Natural Resources with jurisdiction over all proposed legislation, messages, petitions, memorials, and other matters relating to the following subjects: matters relating to the following subjects:

1. Coal production, distribution, and utilization.
2. Energy policy.
3. Energy regulation and conservation.
4. Energy related aspects of deepwater ports.
5. Energy research and development.
6. Extraction of minerals from oceans and Outer Continental Shelf lands.
7. Hydroelectric power, irrigation, and reclamation.
8. Mining education and research.
9. Mining, mineral lands, mining claims, and mineral conservation.
10. National parks, recreation areas, wilderness areas, wild and scenic rivers, historical sites, military parks and battlefields, and on the public domain, preservation of prehistoric ruins and objects of interest.
11. Naval petroleum reserves in Alaska.
12. Nonmilitary development of nuclear energy.
13. Oil and gas production and distribution.
14. Public lands and forests, including farming and grazing thereon, and mineral extraction therefrom.
15. Solar energy systems.
16. Territorial possessions of the United States, including trusteeships.

FULL COMMITTEE

LISA MURKOWSKI, *Chairman*

JURISDICTION

During the 114th Congress, the Full Committee retained jurisdiction, without reference to a subcommittee, over the following matters: National Energy Policy, including international energy affairs and emergency preparedness; nuclear waste policy; privatization of federal assets; and territorial policy (including changes in status and issues affecting Antarctica); and Ad Hoc issues. In addition, other issues are retained in the Full Committee on an ad hoc basis. Generally, these are issues which (1) require expeditious handling, or (2) substantially overlap two or more subcommittee jurisdictions, or (3) are of exceptional national significance in which all Members wished to participate fully.

NOMINATIONS

Nine presidential nominations were referred to the Committee during the 114th Congress.

Of the eight nominations submitted during the first session, four were confirmed, and four remained in status quo at the end of the first session by unanimous consent, notwithstanding the provisions of rule XXXI, paragraph 6, of the Standing Rules of the Senate. One of the four nominations that were confirmed was jointly referred to the Committee on Armed Services.

One nomination was submitted during the second session. Neither that nomination nor any of the four that remained in status quo at the end of the first session were confirmed. All five were returned to the President at the end of the second session under the provisions of rule XXXI, paragraph 6, of the Standing Rules.

Nominations confirmed

The Committee held hearings on four nominations and favorably reported three of the four nominations that were subsequently confirmed by the Senate. These nominations were for:

Jonathan Elkind, to be an Assistant Secretary of Energy (International Affairs). Received April 13, 2015. Hearing held by the Committee on Energy and Natural Resources on June 16, 2015. S. Hrg. 114-66. Reported July 28, 2015. Confirmed August 5, 2015, by voice vote.

Cherry Ann Murray, to be Director of the Office of Science, Department of Energy. Received August 5, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114-369. Reported November 19, 2015. Confirmed December 10, 2015, by voice vote.

Suzette Kimball, to be Director of the United States Geological Survey. Received February 26, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114–369. Reported November 19, 2015. Confirmed December 18, 2015, by voice vote.

Monica C. Regalbuto, to be an Assistant Secretary of Energy (Environmental Management). Received February 25, 2015. Jointly referred to the Committee on Energy and Natural Resources and the Committee on Armed Services pursuant to the standing order of June 28, 1990. Reported by the Committee on Armed Services on May 19, 2015. Hearing held by the Committee on Energy and Natural Resources on June 16, 2015. S. Hrg. 114–66. The Committee on Energy and Natural Resources was discharged from further consideration of the nomination on July 9, 2015, pursuant to the standing order of June 28, 1990. Confirmed August 5, 2015, by voice vote.

Nominations returned under rule XXXI

Four nominations pending at the end of the first session of the 114th Congress remained in status quo between the first and second sessions of the 114th Congress.

Five nominations were returned to the President on January 3, 2017, at the end of the second session of the 114th Congress, pursuant to rule XXXI of the Standing Rules of the Senate. The five nominations were:

Kristen Joan Sarri, to be an Assistant Secretary of the Interior. Received January 8, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114–369. Returned to the President under the provisions of Senate Rule XXXI, paragraph 6 of the Standing Rules of the Senate.

John Francis Kotek, to be an Assistant Secretary of Energy (Nuclear Energy). Received October 5, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114–369. Reported November 19, 2015. Returned to the President under the provisions of Senate Rule XXXI, paragraph 6 of the Standing Rules of the Senate.

Mary L. Kendall, to be Inspector General of the Department of the Interior. Received June 8, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114–369. Returned to the President under the provisions of Senate Rule XXXI, paragraph 6 of the Standing Rules of the Senate.

Victoria Marie Baecher Wassmer, to be Under Secretary of Energy. Received July 27, 2015. Hearing held by the Committee on Energy and Natural Resources on October 20, 2015. S. Hrg. 114–369. Reported November 19, 2015. Returned to the President under the provisions of Senate Rule XXXI, paragraph 6 of the Standing Rules of the Senate.

Susan Faye Beard, to be Inspector General of the Department of Energy. Received April 18, 2016. Hearing held on May 12, 2016. S. Hrg. 114–473. Returned to the President under the provisions of Senate Rule XXXI, paragraph 6 of the Standing Rules of the Senate.

HEARINGS

The Full Committee held 59 hearings, including 12 legislative hearings, 44 oversight hearings, and 3 nomination hearings during the 114th Congress, as follows:

January 29, 2015

Legislative hearing to receive testimony on S. 33, the LNG Permitting Certainty and Transparency Act. S. Hrg. 114–9.

February 12, 2015

Oversight hearing to consider the President’s proposed budget for the Department of Energy for Fiscal Year 2016. S. Hrg. 114–44.

February 24, 2015

Oversight hearing to consider the President’s proposed budget for the Department of the Interior for Fiscal Year 2016. S. Hrg. 114–35.

February 26, 2015

Oversight hearing to consider the President’s proposed budget for the U.S. Forest Service for Fiscal Year 2016. S. Hrg. 114–29.

March 5, 2015

Oversight hearing to examine upcoming opportunities in the Arctic, during and beyond the United States’ chairmanship of the Arctic Council. S. Hrg. 114–15.

March 12, 2015

Legislative hearing to receive testimony on S. 556, the Bipartisan Sportsmen’s Act of 2015. S. Hrg. 114–329.

March 17, 2015

Oversight hearing to evaluate the state of technological innovation related to the electric grid. S. Hrg. 114–31.

March 19, 2015

Oversight hearing to consider the U.S. crude export policy. S. Hrg. 114–17.

March 24, 2015

Oversight hearing to consider management reforms to improve forest health and socioeconomic opportunities on the Nation’s Forest System. S. Hrg. 114–262.

April 16, 2015

Oversight hearing to consider the Energy Information Administration’s *Annual Energy Outlook for 2015*. S. Hrg. 114–155.

April 22, 2015

Oversight hearing to consider reauthorization of and possible reforms to the Land and Water Conservation Fund. S. Hrg. 114–310.

April 28, 2015

Oversight hearing to consider the Administration's Quadrennial Energy Review. S. Hrg. 114–158.

April 30, 2015

Legislative hearing to receive testimony on the following energy-efficiency related legislation:

- S. 523, to coordinate the provision of energy retrofitting assistance to schools;
- S. 600, to require the Secretary of Energy to establish an energy efficiency retrofit pilot program;
- S. 703, to reauthorize the weatherization and State energy programs;
- S. 720, to promote energy savings in residential buildings and industry;
- S. 723, to amend the National Energy Conservation Policy Act to provide guidance on utility energy service contracts used by Federal agencies;
- S. 858, to amend the National Energy Conservation Policy Act to encourage the increased use of performance contracting in Federal facilities;
- S. 869, to improve energy performance in Federal buildings, and for other purposes;
- S. 878, to establish a State residential building energy efficiency upgrades loan pilot program;
- S. 886, to amend the Energy Policy Act of 2005 to provide for a smart energy and water efficiency pilot program;
- S. 888, to promote Federal-State partnerships for developing regional energy strategies and plans to mitigate risks in changing energy systems;
- S. 893, to establish an Energy Productivity Innovation Challenge (EPIC) to assist energy policy innovation in the States to promote the goal of doubling electric and thermal energy productivity by January 1, 2030;
- S. 939, to require the evaluation and consolidation of duplicative green building programs within the Department of Energy (DOE);
- S. 1029, to amend the Energy Policy and Conservation Act to prohibit the Secretary of Energy from prescribing a final rule amending the efficiency standards for residential non-weatherized gas furnaces or mobile home furnaces until an analysis has been completed;
- S. 1038, to clarify that no express or implied warranty is provided by reason of a disclosure relating to voluntary participation in the Energy Star program;
- S. 1039, to require certain agencies to conduct assessments of data centers and develop data center consolidation and optimization plans to achieve energy cost savings;
- S. 1044, to enhance consumer access to electricity information and allow for the adoption of innovative products and services to help consumers manage their energy usage;
- S. 1046, to accelerate the adoption of smart building technologies in the private sector and key Federal agencies;

- S. 1047, to require the Secretary of Energy to review rule-making proceedings of other Federal agencies for the potential to cause an adverse effect on the cost, time, or difficulty of complying with energy efficiency regulations, guidelines, or standards;
- S. 1048, to remove the authority of the Secretary of Energy to amend or issue new energy efficiency standards for ceiling fans;
- S. 1052, to require a study on the impact of State and local performance benchmarking and disclosure policies for commercial and multifamily buildings, to provide for competitive awards to utilities, States, and units of local government;
- S. 1053, to amend the National Energy Conservation Policy Act to promote alternative fueled vehicle fleets and infrastructure; and
- S. 1063, to amend title VI of the Public Utility Regulatory Policies Act of 1978 to establish a Federal energy efficiency resource standard for electricity and natural gas suppliers. S. Hrg. 114–166.

May 5, 2015

Oversight hearing to consider wildfire management. S. Hrg. 114–331.

May 12, 2015

Legislative hearing to receive testimony on S. 883, the American Mineral Security Act of 2015. S. Hrg. 114–141.

May 14, 2015

Legislative hearing to receive testimony on the following energy infrastructure related legislation:

- S. 411, the Natural Gas Gathering Enhancement Act;
- S. 485, the APPROVAL Act;
- S. 1017, to amend the Federal Power Act to improve the siting of interstate electric transmission facilities;
- S. 1037, to expand the provisions for termination of mandatory purchase requirements under the Public Utility Regulatory Policies Act of 1978;
- S. 1196, to amend the Mineral Leasing Act to authorize the Secretary of the Interior to grant rights-of-ways on Federal land;
- S. 1201, to advance the integration of clean distributed energy into electric grids;
- S. 1202, to amend the Public Utility Regulatory Policies Act of 1978 to assist States in adopting updated interconnection procedures and tariff schedules and standards for supplemental, backup, and standby power fees for projects for combined heat and power technology and waste heat to power technology;
- S. 1207, to direct the Secretary of Energy to establish a grant program under which the Secretary shall make grants to eligible partnerships to provide for the transformation of the electric grid by the year 2030;

- S. 1210, to provide for the timely consideration of all licenses, permits, and approvals required under Federal law with respect to oil and gas production and distribution;
- S. 1213, to amend the Public Utility Regulatory Policies Act of 1978 and the Federal Power Act to facilitate the free market for distributed energy resources;
- S. 1217, to establish an Interagency Rapid Response Team for Transmission, to establish an Office of Transmission Ombudsperson;
- S. 1219, to amend the Public Utility Regulatory Policies Act of 1978 to provide for the safe and reliable interconnection of distributed resources and to provide for the examination of the effects of net metering;
- S. 1220, to improve the distribution of energy in the United States;
- S. 1225, to improve Federal land management, resource conservation, environmental protection, and use of Federal real property, by requiring the Secretary of the Interior to develop a multipurpose cadastre of Federal real property and identifying inaccurate, duplicate, and out-of-date Federal land inventories;
- S. 1227, to require the Secretary of Energy to develop an implementation strategy to promote the development of hybrid micro-grid systems for isolated communities;
- S. 1228, to require approval for the construction, connection, operation, or maintenance of oil or natural gas pipelines or electric transmission facilities at the national boundary of the United States for the import or export of oil, natural gas, or electricity to or from Canada or Mexico;
- S. 1231, to require congressional notification for certain Strategic Petroleum Reserve operations and to determine options available for the continued operation of the Strategic Petroleum Reserve;
- S. 1232, to amend the Energy Independence and Security Act of 2007 to modify provisions relating to smart grid modernization;
- S. 1233, to amend the Public Utility Regulatory Policies Act of 1978 to expand the electric rate-setting authority of States;
- S. 1237, to amend the Natural Gas Act to limit the authority of the Secretary of Energy to approve certain proposals relating to export activities of liquefied natural gas terminals;
- S. 1242, to amend the Natural Gas Act to require the Federal Energy Regulatory Commission to consider regional constraints in natural gas supply and whether a proposed LNG terminal would benefit regional consumers of natural gas before approving or disapproving an application for the LNG terminal; and
- S. 1243, to facilitate modernizing the electric grid. S. Hrg. 114–65.

May 19, 2015

Legislative hearing to receive testimony on the following energy supply related legislation:

- S. 562, the Geothermal Exploration Opportunities Act of 2015;
- S. 822, the Geothermal Production Expansion Act of 2015;
- S. 1026, the North American Alternative Fuels Act;
- S. 1057, to promote geothermal energy;
- S. 1058, the Marine and Hydrokinetic Renewable Energy Act of 2015;
- S. 1103, to reinstate and extend the deadline for commencement of construction of a hydroelectric project involving Clark Canyon Dam;
- S. 1104, to extend the deadline for commencement of construction of a hydroelectric project involving the Gibson Dam;
- S. 1199, to authorize Federal agencies to provide alternative fuel to Federal employees on a reimbursable basis;
- S. 1215, to amend the Methane Hydrate Research and Development Act of 2000 to provide for the development of methane hydrate as a commercially viable source of energy;
- S. 1222, to amend the Federal Power Act to provide for reports relating to electric capacity resources of transmission organizations and the amendment of certain tariffs to address the procurement of electric capacity resources;
- S. 1224, to reconcile differing Federal approaches to condensate;
- S. 1226, to amend the Mineral Leasing Act and the Mineral Leasing Act for Acquired Lands to promote a greater domestic helium supply, to establish a Federal helium leasing program for public land, and to secure a helium supply for national defense and Federal researchers;
- S. 1236, to amend the Federal Power Act to modify certain requirements relating to trial-type hearings with respect to certain license applications before the Federal Energy Regulatory Commission;
- S. 1264, To amend the Public Utility Regulatory Policies Act of 1978 to establish a renewable electricity standard, and for other purposes;
- S. 1270, to amend the Energy Policy Act of 2005 to reauthorize hydroelectric production incentives and hydroelectric efficiency improvement incentives, and for other purposes;
- S. 1271, to require the Secretary of the Interior to issue regulations to prevent or minimize the venting and flaring of gas in oil and gas production operations in the United States;
- S. 1272, to direct the Comptroller General of the United States to conduct a study on the effects of forward capacity auctions and other capacity mechanisms;
- S. 1276, to amend the Gulf of Mexico Energy Security Act of 2006 to increase energy exploration and production on the OCS in the Gulf of Mexico, and for other purposes;
- S. 1278, to amend the Outer Continental Shelf Lands Act to provide for the conduct of certain lease sales in the Alaska outer Continental Shelf region, to make certain modifications to the North Slope Science Initiative;
- S. 1279, to provide for revenue sharing of qualified revenue from leases in the South Atlantic planning area;

- S. 1280, to direct the Secretary of the Interior to establish an annual production incentive fee with respect to Federal on-shore and offshore land that is subject to a lease for production of oil or natural gas under which production is not occurring;
- S. 1282, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to consider the objective of improving the conversion, use, and storage of carbon dioxide produced from fossil fuels in carrying out research and development programs under that Act;
- S. 1283, to amend the Energy Policy Act of 2005 to repeal certain programs, to establish a coal technology program and for other purposes;
- S. 1285, to authorize the Secretary of Energy to enter into contracts to provide certain price stabilization support relating to electric generation units that use coal-based generation technology;
- S. 1294, to require the Secretary of Energy and the Secretary of Agriculture to collaborate in promoting the development of efficient, economical, and environmentally sustainable thermally led wood energy systems; and
- S. 1304, to require the Secretary of Energy to establish a pilot competitive grant program for the development of a skilled energy workforce. S. Hrg. 114–118.

June 2, 2015

Oversight hearing to examine the status of drought conditions in the region, current efforts to address the drought, and potential long-term actions that might be taken to support communities in responding to and mitigating the impacts of drought. S. Hrg. 114–376.

June 9, 2015

Legislative hearing to receive testimony on the following energy accountability and reform legislation:

- S. 15, Protecting States' Rights to Promote American Energy Security Act;
- S. 454, to amend the Department of Energy High-End Computing Revitalization Act of 2004 to improve the high-end computing research and development program of the Department of Energy;
- S. 784, to direct the Secretary of Energy to establish microlabs to improve regional engagement with national laboratories;
- S. 1033, to amend the Department of Energy Organization Act to replace the current requirement for a biennial energy policy plan with a Quadrennial Energy Review;
- S. 1054, to improve the productivity and energy efficiency of the manufacturing sector by directing the Secretary of Energy, in coordination with the National Academies and other appropriate Federal agencies, to develop a national smart manufacturing plan and to provide assistance to small- and medium-sized manufacturers in implementing smart manufacturing programs;

- S. 1068, to amend the Federal Power Act to protect the bulk-power system from cyber security threats;
- S. 1181, to expand the Advanced Technology Vehicle Manufacturing Program to include commercial trucks and United States flagged vessels, to return unspent funds and loan proceeds to the United States Treasury to reduce the national debt;
- S. 1187, to improve management of the National Laboratories, enhance technology commercialization, facilitate public-private partnerships;
- S. 1216, to amend the Natural Gas Act to modify a provision relating to civil penalties;
- S. 1218, to establish an interagency coordination committee or subcommittee with the leadership of the Department of Energy and the Department of the Interior, focused on the nexus between energy and water production, use, and efficiency;
- S. 1221, to amend the Federal Power Act to require periodic reports on electricity reliability and reliability impact statements for rules affecting the reliable operation of the bulk-power system;
- S. 1223, to amend the Energy Policy Act of 2005 to improve the loan guarantee program for innovative technologies;
- S. 1229, to require the Secretary of Energy to submit a plan to implement recommendations to improve interactions between the Department of Energy and National Laboratories;
- S. 1230, to direct the Secretary of the Interior to establish a program under which the Director of the Bureau of Land Management shall enter into memoranda of understanding with States providing for State oversight of oil and gas productions activities;
- S. 1241, to provide for the modernization, security, and resiliency of the electric grid, to require the Secretary of Energy to carry out programs for research, development, demonstration, and information-sharing for cybersecurity for the energy sector;
- S. 1256, to require the Secretary of Energy to establish an energy storage research program, loan program, and technical assistance and grant program, and for other purposes;
- S. 1258, to require the Secretary of Energy to establish a distributed energy loan program and technical assistance and grant program, and for other purposes;
- S. 1259, to establish a grant program to allow National Laboratories to provide vouchers to small business concerns to improve commercialization of technologies developed at National Laboratories and the technology-driven economic impact of commercialization in the regions in which National Laboratories are located, and for other purposes;
- S. 1263, to provide for the establishment of a Clean Energy Technology Manufacturing and Export Assistance Fund to assist United States businesses with exporting clean energy technology products and services;

- S. 1274, to amend the National Energy Conservation Policy Act to reauthorize Federal agencies to enter into long-term contracts for the acquisition of energy;
- S. 1275, to establish a Financing Energy Efficient Manufacturing Program in the Department of Energy to provide financial assistance to promote energy efficiency and onsite renewable technologies in manufacturing and industrial facilities;
- S. 1277, to improve energy savings by the Department of Defense, and for other purposes;
- S. 1293, to establish the Department of Energy as the lead agency for coordinating all requirements under Federal law with respect to eligible clean coal and advanced coal technology generating projects;
- S. 1306, to amend the Energy Policy Act of 2005 to use existing funding available to further projects that would improve energy efficiency and reduce emissions;
- S. 1310, to prohibit the Secretary of the Interior from issuing new oil or natural gas production leases in the Gulf of Mexico under the Outer Continental Shelf Lands Act to a person that does not renegotiate its existing leases in order to require royalty payments if oil and natural gas prices are greater than or equal to specified price thresholds, and for other purposes;
- S. 1311, to amend the Federal Oil and Gas Royalty Management Act of 1982 and the Outer Continental Shelf Lands Act to modify certain penalties to deter oil spills;
- S. 1312, to modernize Federal policies regarding the supply and distribution of energy in the United States;
- S. 1338, to amend the Federal Power Act to provide licensing procedures for certain types of projects;
- S. 1340, to amend the Mineral Leasing Act to improve coal leasing, and for other purposes;
- S. 1346, to require the Secretary of Energy to establish an e-prize competition pilot program to provide up to 4 financial awards to eligible entities that develop and verifiably demonstrate technology that reduces the cost of electricity or space heat in a high-cost region;
- S. 1363, to require the Secretary of Energy to submit to Congress a report assessing the capability of the Department of Energy to authorize, host, and oversee privately funded fusion and fission reactor prototypes and related demonstration facilities at sites owned by the Department of Energy;
- S. 1398, to extend, improve, and consolidate energy research and development programs;
- S. 1405, to require a coordinated response to coal fuel supply emergencies that could impact electric power system adequacy or reliability;
- S. 1407, to promote the development of renewable energy on public land, and for other purposes;
- S. 1408, to provide for a program of research, development, demonstration, and commercial application in vehicle technologies at the Department of Energy;

- S. 1420, to amend the Department of Energy Organization Act to provide for the collection of information on critical energy supplies, to establish a Working Group on Energy Markets, and for other purposes;

- S. 1422, to require the Secretary of Energy to establish a comprehensive program to improve education and training for energy-and-manufacturing-related jobs to increase the number of skilled workers trained to work in energy-and-manufacturing-related fields;

- S. 1428, to amend the USEC Privatization Act to require the Secretary of Energy to issue a long-term Federal excess uranium inventory management plan;

S. 1432, to require the Secretary of Energy to conduct a study on the technology, potential lifecycle energy savings, and economic impact of recycled carbon fiber, and for other purposes;

S. 1434, to amend the Public Utility Regulatory Policies Act of 1978 to establish an energy storage portfolio standard;

S. 1449, to amend the Energy Independence and Security Act of 2007 to add certain medium-duty and heavy-duty vehicles to the advanced technology vehicles manufacturing incentive program; and

H.R. 35, to increase the understanding of the health effects of low doses of ionizing radiation. S. Hrg. 114–344.

June 16, 2015

Hearing to consider the nominations of:

MEASURES ENACTED INTO LAW

Public Law 114–224 (H.R. 2615), to establish the Virgin Islands of the United States Centennial Commission. The Committee ordered the measure reported without amendment on July 13, 2016. S. Rept. 114–314. The Senate passed H.R. 2615 without amendment by unanimous consent on September 20, 2016, and the President approved the measure on September 29, 2016.

Public Law 114–230 (H.R. 1475), to authorize a Wall of Remembrance as part of the Korean War Veterans Memorial and to allow certain private contributions to fund that Wall of Remembrance. The Committee ordered the measure reported with an amendment in the nature of a substitute on July 14, 2016. S. Rept. 114–336. The Senate passed H.R. 1475 with an amendment by unanimous consent on September 19, 2016, and the President approved the measure on October 7, 2016.

Public Law 114–233 (H.R. 3004), to amend the Gullah/Geechee Cultural Heritage Act to extend the authorization for the Gullah/Geechee Cultural Heritage Corridor Commission. The Committee ordered the Senate companion measure (S. 2839) reported without amendment on July 13, 2016. S. Rept. 114–331. The Senate passed S. 2839 without amendment by unanimous consent on September 29, 2016, and the President approved the measure on October 7, 2016.

Public Law 114–272 (S. 3028), to redesignate the Olympic Wilderness as the Daniel J. Evans Wilderness. The Committee ordered the measure reported without amendment on July 14, 2016 without written report. The Senate passed S. 3028 without amendment by unanimous consent on July 14, 2016, and the President approved the measure on December 14, 2016.

In addition, five public laws not specifically under the jurisdiction of the Committee incorporated provisions that were jurisdictional to the Committee.

Public Law 114–94 (H.R. 22), the Fixing America’s Surface Transportation Act, contained provisions (Division F) on energy security-related matters, such as resolving environmental and grid reliability conflicts and establishing a new section 215A of the Federal Power Act to provide the Secretary of Energy with the authority to address grid security emergencies. Similar legislation, S. 2012, was reported by the Committee on September 9, 2015, as an original bill. The Senate passed S. 2012, as amended, on April 20, 2016. The House passed S. 2012 on May 25, 2016, with an amendment in the nature of a substitute. The Senate and House agreed to go to conference on July 12, 2016. S. 2012 did not advance beyond conference. Additionally, section 32204 of Public Law 114–94, contained provisions to direct the sales of 76,000,000 barrels of oil from the Strategic Petroleum Reserve over fiscal years 2023–2025. The Committee held an oversight hearing on October 6, 2015 to

consider the potential modernization of the Strategic Petroleum Reserve and related energy security issues.

Public Law 114–187 (S. 2328), the Puerto Rico Oversight, Management, and Economic Stability Act, was originally received in the House as an Act to reauthorize the National Sea Grant College program. The text of S. 2328 had previously passed the Senate on November 19, 2015. The House struck and replaced the text of S. 2328 with the text of H.R. 5278 and passed both S. 2328, as amended, and H.R. 5278 on June 9, 2016. H.R. 5278 was referred to the Senate Energy and Natural Resources Committee while S. 2328 was held at the Senate desk. On June 29, 2016, the Senate agreed to the House amendment to S. 2328 and the President approved the bill on June 30, 2016.

Public Law 114–255 (H.R. 34), the 21st Century Cures Act, contained provisions (section 5010) to direct the sales of 25,000,000 barrels of oil from the Strategic Petroleum Reserve over fiscal years 2017–2109. The Committee held an oversight hearing on October 6, 2015, to consider the potential modernization of the Strategic Petroleum Reserve and related energy security issues.

Public Law 114–289 (H.R. 4680), the National Park Service Centennial Act, contained provisions to prepare the National Park Service for its Centennial in 2016 and for a second century of promoting and protecting the natural, historic, and cultural resources of our National Parks for the enjoyment of present and future generations, and for other purposes. Some provisions of H.R. 4680 were considered by the Committee as similar legislation (S. 2257). S. 2257 was considered at a hearing on December 8, 2015. In addition, some provisions of H.R. 4680 were incorporated into S. 2012, as passed by the Senate on April 20, 2016.

Public Law 114–322 (S. 612), the Water Infrastructure Improvement for the Nation (WIIN) Act included (Title III, Subtitle J) portions of the California Long-Term Provisions for Water Supply and Short-Term Provisions for Emergency Drought Relief Act (S. 2533), heard by the Committee on May 17, 2016. The Committee also held a legislative hearing on a related bill, the California Emergency Drought Relief Act of 2015 (S. 1894), on October 8, 2015. The same hearing included consideration of the Western Water and American Food Security Act of 2015 (H.R. 2898), which also contained California water provisions.

OTHER MAJOR LEGISLATIVE INITIATIVES

Energy Policy Modernization Act of 2016

S. 2012, the Energy Policy Modernization Act of 2016, a bill to provide for the modernization of the energy policy of the United States, and for other purposes, was reported by the Committee as an original bill on September 9, 2015.

The Committee held four oversight hearings on energy policy on March 17, April 16, April 22, and April 22, 2015, and six legislative hearings on 114 bills on January 29, April 30, May 12, May 14, May 19, and June 9, 2015.

The Committee marked up a draft bill over the course of three days in an open business meeting on July 28, 29, and 30, 2015. The Committee considered 59 amendments, of which 34 were adopted,

9 were rejected, and 15 were offered and withdrawn. The Committee ordered the legislation reported, as an original bill, S. 2012, on July 30, 2015.

The Senate considered S. 2012 on January 27, January 28, February 1, February 2, February 3, February 4, February 19, and February 20, 2016. During its consideration of the bill, the Senate adopted 65 amendments. The Senate passed S. 2012, as amended, by a vote of 85–12, on April 20, 2016.

The House of Representatives passed S. 2012 with an amendment. The House asked for, and the Senate agreed to, a conference. A meeting of the conferees was held on September 8, 2016, but the conferees were unable to resolve the differences between the two bodies before the 114th Congress adjourned.
